

# Hope Meadows

## THE HOPE HERALD

### Hope Teams up with RTHS

Hope Meadows and Rantoul Township High School have been working together to upgrade various rental units. As mentioned in an earlier edition of the Hope Herald, the units lacked good insulation. This was causing high heating and cooling bills for the residents.

Through a collaboration with Habitat for Humanity, Hope Meadows and RTHS and a grant from the Community Foundation of East Central Illinois, the work has resulted in upgrades for several senior units as well as one family home. This was facilitated also by a Charitable Trust Grant from

the state that allowed Hope Meadows to pay the students as they worked this summer. The students were trained in the use of the insulation blower during the school year. Hope resident Ricky Igartua was helpful in designing a funnel that helped keep the dust to a minimum.

Along with the on-the-job-

training they received, they also completed the 10 hour safety course for their OSHA card, these students are now ready for employment in the construction trades.

Now we are waiting for more residents to move into these refurbished units while continuing to insulate other vacant units.

### Son Recognizes Hope Resident

Derrick Hayes came back to Rantoul to bring words of encouragement to the high school students of his alma mater (RTHS). At the same time he honored his father, James Hayes, Jr., by creating the James Henry Hayes, Jr. Community Ser-

vice Award. The award was presented to Taveous Bell with Hayes, Jr. present. Jim has been active in many areas of the Hope Meadows community, the Rantoul community, and the greater Champaign-Urbana community during

his lifetime. We are proud that he has been recognized as a community leader in this way.

James Hayes, Jr.

## From the Director

I don't know whether Hope has ever during its now 24 years had any experience with AmeriCorps, but if not, this will be a first. An AmeriCorps member named Derek Ruszkowski, who is enrolled in the Applied Community and Economic Development Fellows Program at Illinois State University, has joined the Hope Meadows staff for eleven months of what's termed *hands-on professional practice with communities or organizations needing the skills and expertise such students possess.*

Derek Ruszkowski,  
ISU Fellow at Hope  
Meadows this year

tion, and advancing the established

That *professional practice* involves helping host organizations move special projects forward, providing access to skills or expertise unavailable within the organization,

mission of the organization in new ways. In Derek's case, he worked for several years in a residential home for Alzheimer's patients where he developed an interest in working with the aging. He graduated from Southern Illinois University at Edwardsville with a Bachelor of Science in Sociology, and upon successfully completing the Fellows Program will receive his Masters in Sociology from Illinois State University.

His mission in Hope Meadows is to help us make our second generation as successful as our first. I've asked all our folks who were here from the beginning what the plan was for years 24 and 25, and they were unanimous in assuring me that no one expected it to last as long as it has. That's normal in truly innovative endeavors like ours, but having survived the worst in recent years, we must address what has changed and begin operating proactively.

Staff is smaller than I think it ever has been, and the needs of our residents are increasing in ways that we do not have the resources to meet. Those needs may not be quite the same as Derek has worked with, but his experience matches what we have identified

Hank  
Gamel,  
Executive  
Director of  
Hope  
Meadows

as crucial to our future. He also happens to come from a family that includes adopted siblings, giving him unique insight into our motivation as both a community and a nonprofit.

And in what can only be another one of those positive coincidences, Illinois State University's Stevenson Center for Community and Economic Development, which administers the Peace Corps Fellows Program of which Derek is a member, began operations in the same year that we did, 1994 (the International Year of the Family).

Let's take this opportunity to shape our ever-changing family into one in which every generation in it is equally valued, respected and welcomed!

In the last director's column, Hank expressed his optimism with our maintenance man Kenny Watson's early signs of recovery. He had spent nearly the first half of that year in the hospital, or returning to it for treatment for the loss of muscle control on one side of his body. He returned to work that summer in a limited-duty capacity while going through occupational therapy. He was recovering his

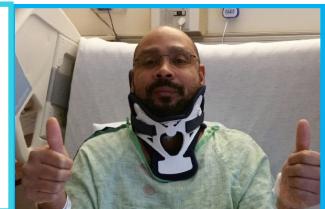

## Update on Kenny Watson

strength and doing quite well until the same symptoms surfaced on the other side of his body eventually resulting in a diagnosis of ALS.

He became unable to work for the rest of that year and his application for a disability was finally approved in early 2018. Multiple fundraising events for him and his family appear under Events on our Facebook page

[Facebook.com/pg/  
HopeMeadowsRantoul](https://www.facebook.com/pg/HopeMeadowsRantoul), and there is a GoFundMe page for him at <https://www.gofundme.com/kenny-and-family-needs-help>

## Irene Bohn's Life Affects Many

(Based on Brenda Eheart's eulogy at Irene's funeral.)

Irene Bohn was one of the first seniors to move to Hope Meadows in 1994. She had been a nun, teaching in Catholic schools in many settings. After she left the convent, she found a teaching job in Broadlands, IL, where she met her husband. When Fred died, she moved to Indiana, but health issues made her leave a job she loved. After moving to Urbana she found herself lonely and alone, wondering if there was anything left for her to do with her life.

However, there was much that Irene would do in the next 20 years when

she became a part of the Hope Meadows community. She helped many families who came to Hope, but she also had a special bond with the Laws family. That continued even when the Laws moved to Rhode Island. Irene tutored those who needed help catching up to where they should be in school. She even had her own room at IGC 1 for that purpose.

Irene became an ambassador for Hope Meadows, speaking at conferences and on various TV programs. She left much of value behind when she died.

Irene Bohn  
1924 - 2018

(Editor's note: Those who have been at Hope while Irene was here will always have a place for her in their hearts. For those who are still to come to Hope, I hope that the stories of Irene's life will inspire them to greater ser-

vice to their families, the Hope community and the greater world in which they find themselves.)

You are forever  
in our hearts,  
Irene.

## In Memoriam

Here is a poem written by Angelo Laws:  
  
We had a wonderful grandmother,  
One who never really grew old;  
Her smile was made of sunshine,  
And her heart was made of gold;  
Her eyes were bright as shining stars,  
And in her cheeks fair roses you see.  
We had a wonderful grandmother,  
And that's the way it will always be,  
But take heed, because

She's still keeping an eye on all of us,  
So let's make sure  
She will like what she sees,  
Dear Grandma, from Angelo.  
I will always love you.

I am so grateful and thankful that  
Grandma Irene was in my life. She  
was not my biological grandmother,  
but the love that flowed through her  
veins, you could tell me nothing differ-

ently! You were a  
very special per-  
son in my life, and  
I truly believe with  
all my heart that  
you were an angel  
sent from God.

Charles Laws

*"Love is patient;  
love is kind. It does  
not envy; it does  
not boast...  
Love never fails."*

## Three Hope Graduates

This spring Hope Meadows celebrated three graduations; two from Rantoul Township High School and one from St. Malachy Catholic School. Dayana Crider finished her course work in December, but celebrated this big event with her class on May 25, 2018. Dayana is planning to continue her education at Parkland Community College, specializing in early childhood educa-

tion. Dayana's cousin, Antonio Waters, a new Hope resident, also graduated from RTHS that day.

Noah Ketteman also graduated that day.

Dayana Crider 2018 RTHS Grad	Noah Ketteman 2018 RTHS Grad
--	--

His plans include attending Parkland for 2 years in a computer field and then transferring to SIU, Edwardsville.

Destiny Igartua graduated from St. Malachy Catholic School - 8th grade - on May 18. She is attending Rantoul Township High School this fall.

We are the Village it Takes

The second **Concert for Hope** will be held at **4 pm on November 4, 2018**, at the Rantoul Historical Museum. Logan Kirby will be the featured performer for this event. He has performed locally with Marvin Lee. At the Beef House Dinner Theatre in Indiana, he portrayed Johnny Cash in "The Million Dollar Quartet". For further information about Logan Kirby, see the News Gazette article about him at [news-gazette.com/arts-entertainment](http://news-gazette.com/arts-entertainment).

In addition to the concert we will have

a silent auction featuring a U of I football jersey, hand made quilts and other hand made items crafted by residents of Hope as well as other auction baskets.

There is no charge to attend the concert, but

## Save the Date!

we will be accepting donations to help raise funds for Hope community programs and field trips.

We would welcome your attendance for an afternoon of good music and getting to know the members of the Hope community. **The doors will open at 3:00 so you can peruse the auction items or visit the Historical Museum.**

The Museum is located at 1040 Klein Ave. (US Hwy 136) just across from the Dairy Queen.

Logan Kirby

The second **Concert for Hope** will be held at **4 pm on November 4, 2018**, at the Rantoul Historical Museum. Logan Kirby will be the featured performer for this event. He has performed locally with Marvin Lee. At the Beef House Dinner Theatre in Indiana, he portrayed Johnny Cash in "The Million Dollar Quartet". For further information about Logan Kirby, see the News Gazette article about him at [news-gazette.com/arts-entertainment](http://news-gazette.com/arts-entertainment).

In addition to the concert we will have

a silent auction featuring a U of I football jersey, hand made quilts and other hand made items crafted by residents of Hope as well as other auction baskets.

There is no charge to attend the concert, but

## Save the Date!

we will be accepting donations to help raise funds for Hope community programs and field trips.

We would welcome your attendance for an afternoon of good music and getting to know the members of the Hope community. **The doors will open at 3:00 so you can peruse the auction items or visit the Historical Museum.**

The Museum is located at 1040 Klein Ave. (US Hwy 136) just across from the Dairy Queen.

## THE HOPE HERALD

### Hope Teams up with RTHS

Hope Meadows and Rantoul Township High School have been working together to upgrade various rental units. As mentioned in an earlier edition of the Hope Herald, the units lacked good insulation. This was causing high heating and cooling bills for the residents.

Through a collaboration with Habitat for Humanity, Hope Meadows and RTHS and a grant from the Community Foundation of East Central Illinois, the work has resulted in upgrades for several senior units as well as one family home. This was facilitated also by a Charitable Trust Grant from

the state that allowed Hope Meadows to pay the students as they worked this summer. The students were trained in the use of the insulation blower during the school year. Hope resident Ricky Igartua was helpful in designing a funnel that helped keep the dust to a minimum.

Along with the on-the-job-

training they received, they also completed the 10 hour safety course for their OSHA card, these students are now ready for employment in the construction trades.

Now we are waiting for more residents to move into these refurbished units while continuing to insulate other vacant units.

RTHS students cleaning up in preparation for application of an epoxy floor coating (with a little help from Hank)

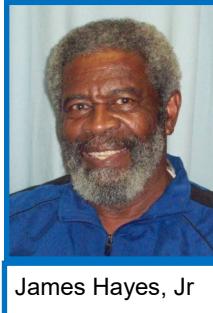

The dead trees are gone (below), but now we have a lot less shade. New trees soon?

### Son Recognizes Hope Resident

Derrick Hayes came back to Rantoul to bring words of encouragement to the high school students of his alma mater (RTHS). At the same time he honored his father, James Hayes, Jr., by creating the James Henry Hayes, Jr. Community Ser-

vice Award. The award was presented to Taveous Bell with Hayes, Jr. present. Jim has been active in many areas of the Hope Meadows community, the Rantoul community, and the greater Champaign-Urbana community during

his lifetime. We are proud that he has been recognized as a community leader in this way.

James Hayes, Jr.

## From the Director

I don't know whether Hope has ever during its now 24 years had any experience with AmeriCorps, but if not, this will be a first. An AmeriCorps member named Derek Ruszkowski, who is enrolled in the Applied Community and Economic Development Fellows Program at Illinois State University, has joined the Hope Meadows staff for eleven months of what's termed *hands-on professional practice with communities or organizations needing the skills and expertise such students possess.*

Derek Ruszkowski,  
ISU Fellow at Hope  
Meadows this year

tion, and advancing the established

That *professional practice* involves helping host organizations move special projects forward, providing access to skills or expertise unavailable within the organization,

mission of the organization in new ways. In Derek's case, he worked for several years in a residential home for Alzheimer's patients where he developed an interest in working with the aging. He graduated from Southern Illinois University at Edwardsville with a Bachelor of Science in Sociology, and upon successfully completing the Fellows Program will receive his Masters in Sociology from Illinois State University.

His mission in Hope Meadows is to help us make our second generation as successful as our first. I've asked all our folks who were here from the beginning what the plan was for years 24 and 25, and they were unanimous in assuring me that no one expected it to last as long as it has. That's normal in truly innovative endeavors like ours, but having survived the worst in recent years, we must address what has changed and begin operating proactively.

Staff is smaller than I think it ever has been, and the needs of our residents are increasing in ways that we do not have the resources to meet. Those needs may not be quite the same as Derek has worked with, but his experience matches what we have identified

Hank  
Gamel,  
Executive  
Director of  
Hope  
Meadows

as crucial to our future. He also happens to come from a family that includes adopted siblings, giving him unique insight into our motivation as both a community and a nonprofit.

And in what can only be another one of those positive coincidences, Illinois State University's Stevenson Center for Community and Economic Development, which administers the Peace Corps Fellows Program of which Derek is a member, began operations in the same year that we did, 1994 (the International Year of the Family).

Let's take this opportunity to shape our ever-changing family into one in which every generation in it is equally valued, respected and welcomed!

In the last director's column, Hank expressed his optimism with our maintenance man Kenny Watson's early signs of recovery. He had spent nearly the first half of that year in the hospital, or returning to it for treatment for the loss of muscle control on one side of his body. He returned to work that summer in a limited-duty capacity while going through occupational therapy. He was recovering his

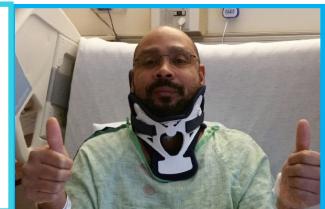

## Update on Kenny Watson

strength and doing quite well until the same symptoms surfaced on the other side of his body eventually resulting in a diagnosis of ALS.

He became unable to work for the rest of that year and his application for a disability was finally approved in early 2018. Multiple fundraising events for him and his family appear under Events on our Facebook page

[Facebook.com/pg/  
HopeMeadowsRantoul](https://www.facebook.com/pg/HopeMeadowsRantoul), and there is a GoFundMe page for him at <https://www.gofundme.com/kenny-and-family-needs-help>

## Irene Bohn's Life Affects Many

(Based on Brenda Eheart's eulogy at Irene's funeral.)

Irene Bohn was one of the first seniors to move to Hope Meadows in 1994. She had been a nun, teaching in Catholic schools in many settings. After she left the convent, she found a teaching job in Broadlands, IL, where she met her husband. When Fred died, she moved to Indiana, but health issues made her leave a job she loved. After moving to Urbana she found herself lonely and alone, wondering if there was anything left for her to do with her life.

However, there was much that Irene would do in the next 20 years when

she became a part of the Hope Meadows community. She helped many families who came to Hope, but she also had a special bond with the Laws family. That continued even when the Laws moved to Rhode Island. Irene tutored those who needed help catching up to where they should be in school. She even had her own room at IGC 1 for that purpose.

Irene became an ambassador for Hope Meadows, speaking at conferences and on various TV programs. She left much of value behind when she died.

Irene Bohn  
1924 - 2018

(Editor's note: Those who have been at Hope while Irene was here will always have a place for her in their hearts. For those who are still to come to Hope, I hope that the stories of Irene's life will inspire them to greater service to their families, the Hope community and the greater world in which they find themselves.)

You are forever  
in our hearts,  
Irene.

## In Memoriam

Here is a poem written by Angelo Laws:  
  
We had a wonderful grandmother,  
One who never really grew old;  
Her smile was made of sunshine,  
And her heart was made of gold;  
Her eyes were bright as shining stars,  
And in her cheeks fair roses you see.  
We had a wonderful grandmother,  
And that's the way it will always be,  
But take heed, because

She's still keeping an eye on all of us,  
So let's make sure  
She will like what she sees,  
Dear Grandma, from Angelo.  
I will always love you.

I am so grateful and thankful that  
Grandma Irene was in my life. She  
was not my biological grandmother,  
but the love that flowed through her  
veins, you could tell me nothing differ-

ently! You were a  
very special per-  
son in my life, and  
I truly believe with  
all my heart that  
you were an angel  
sent from God.

Charles Laws

*"Love is patient;  
love is kind. It does  
not envy; it does  
not boast...  
Love never fails."*

This spring Hope Meadows celebrated three graduations; two from Rantoul Township High School and one from St. Malachy Catholic School. Dayana Crider finished her course work in December, but celebrated this big event with her class on May 25, 2018. Dayana is planning to continue her education at Parkland Community College, specializing in early childhood educa-

tion. Dayana's cousin, Antonio Waters, a new Hope resident, also graduated from RTHS that day.

Noah Ketteman also graduated that day.

Dayana Crider 2018 RTHS Grad	Noah Ketteman 2018 RTHS Grad
--	--

His plans include attending Parkland for 2 years in a computer field and then transferring to SIU, Edwardsville.

Destiny Igartua graduated from St. Malachy Catholic School - 8th grade - on May 18. She is attending Rantoul Township High School this fall.
